

Transport Education Training Authority

Driven by Vision

All stakeholders are cordially invited to participate in a Research Study Updating the Transport Sector Skills Plan (2027/28)

The Renaissance Network (TRN) has been contracted by the Transport Education and Training Authority (TETA) to update its Sector Skills Plan (SSP) for the next planning cycle. The TETA is committed to actively engage its stakeholders in this update process as your valuable inputs are key in ensuring that the updated SSP is needs-based and adequately captures the skills development priorities of every sub-sector within a rapidly evolving transport landscape.

This call for participation in our interactive Focus Group Discussions (FGDs) is made to all parties involved in the provision and advancement of education, training and development services to the sector and wish to influence the contents of the updated SSP in a progressive way. We call on all of you, in the 8 sub-sectors, to join us: Employers of all sizes (levy-paying and non levy-paying), professional bodies, employer associations, regulatory bodies, organised labour, training providers in both the public and private sectors, external SDFs, transport subject matter experts and thought leaders, HEIs, research councils, TVET and CET Colleges, Assessors, Moderators and postgraduate researchers.

Stakeholder Engagement with Sub-sectors/ Chambers and stakeholder groups	Dates and times of planned Online Stakeholder Engagement Meetings <i>The Zoom Room opens 15 minutes before each scheduled event to allow for timeous entry. You are urged to log in this period as attendance is on a first-come basis; maximum capacity is 97 participants per session. Kindly comply with this request. If TRN experiences a power outage, do NOT log out, as we have a back-up facility which we will activate to resume the meeting.</i>
