Communication from the Chief Executive Officer (CEO)

TO: All Stakeholders

Re: Update and Appreciation

Dear Valued Stakeholders,

I would like to extend my sincere appreciation to all our stakeholders for your continued engagement, constructive participation, and patience during this important period of transition at TETA. The recent engagement sessions were convened primarily to support the review of TETA's Strategic Plan, in line with stakeholder requests that such engagements be regular, substantive, and Board-led. As a listening institution, we took this guidance seriously and structured these engagements to create space for reflection, dialogue, and shared ownership of the strategic direction of the Authority.

The inputs received during these sessions have been invaluable and reflect a collective commitment to strengthening the relevance, credibility, and impact of TETA within the skills development ecosystem. We are encouraged by the depth of engagement and the willingness of stakeholders to contribute thoughtfully to shaping the future of the organisation. This process reinforces our shared understanding that a strong strategy is best built through partnership, transparency, and mutual accountability.

With regard to Discretionary Grants, we wish to thank you for your understanding and patience during the review period. We can confirm that the process is being expedited without compromising the required governance and compliance processes. It is at an advanced stage of completion, and award letters will be issued in due course, well within, and ahead of the stipulated 90-day feedback timeframe. TETA remains committed to clear communication and meaningful collaboration as we move forward, and we are confident that the outcomes of these processes will contribute to a stronger, more responsive institution that delivers value to the sector and the country.

Yours Sincerely,

Ms Maphefo Anno-Frempong

Chief Executive Officer
